Introduction

Lion Gate Co. is a forward-thinking Iraqi enterprise offering integrated solutions across construction, general trading, logistics, and machinery rental. Positioned at the center of Basra's industrial and commercial landscape, we empower large-scale projects with the resources, equipment, and operational support they require to succeed.

Our clients rely on us not only for what we do, but for how we do it—with precision, professionalism, and a deep understanding of the regional market. At Lion Gate Co., we bring strength to every project and vision to every partnership.

Company Overview

Founded in 2019, Lion Gate Co. has steadily evolved into a multi-service company delivering high-performance solutions in construction, trading, logistics, and equipment rental. Our foundation was built on the vision of bridging service gaps in Iraq's growing infrastructure sector—offering a single point of access to diverse yet complementary services.

Over the years, we've built a reputation for dependability, technical competence, and operational transparency. Our integrated structure allows us to respond quickly to client needs, adapt to complex project environments, and consistently deliver measurable value.

With a presence rooted in Basra and a reach that spans national projects, Lion Gate Co. is positioned to contribute meaningfully to Iraq's long-term development goals.

Our Mission

To deliver reliable, high-quality solutions that drive progress in construction and industrial operations across Iraq, while maintaining a firm commitment to safety, efficiency, and sustainability.

Our Vision

To be recognized as a leading national provider in engineering services, logistics, and equipment solutions — trusted by top-tier contractors and government institutions for enabling successful, large-scale projects.

Our Service

Lion Gate Co offers a diverse portfolio of services tailored to meet the demanding needs of large-scale projects:

- Construction: Full-scope civil and structural works, site development, industrial facility support.
- General Trading: Procurement and supply of industrial materials, machinery, and project essentials.
- Logistics: Turnkey transportation and site support logistics, including warehousing and heavy haul solutions.
- Machinery Rental: Modern, well-maintained equipment available for short and long-term rental, complete with operational support.

Each service is delivered with precision and professionalism, ensuring compliance with international standards.

Certifications & Compliance

Lion Gate Co operates under an internationally certified management framework, demonstrating its commitment to quality, environmental responsibility, and occupational safety. The company holds:

- **ISO 9001:2015** – Quality Management System
- **ISO 14001:2015** – Environmental Management
- **ISO 29001:2010** – Oil & Gas Sector Quality Management
- **ISO 45001:2018** – Occupational Health & Safety

Certified by IAS, a recognized body accredited by the IAF Multilateral Recognition Arrangement, ensuring global recognition and compliance.

Key Projects & Strategic Partnerships

KARBALA REFINERY PROJECT

One of Iraq's most significant downstream oil & gas projects, the Karbala Refinery aims to increase the country's domestic refining capacity and reduce reliance on imports. Lion Gate Co played an active role in supporting several international contractors involved in the construction and operation phases.

- **Hyundai Engineering & Construction (HEC)**

Machinery Rental Services

Provided a wide range of heavy equipment and machinery with operators to support civil, mechanical, and finishing works. This included excavators, cranes, generators, loaders, and specialized transport equipment maintained to international standards.

- **GS Engineering & Construction / SK Engineering & Construction**

Material Supply & General Trading

Supplied key construction materials, safety gear, industrial consumables, and temporary infrastructure equipment, ensuring timely and consistent delivery to avoid delays in project schedules.

- **Gusan Construction Co.**

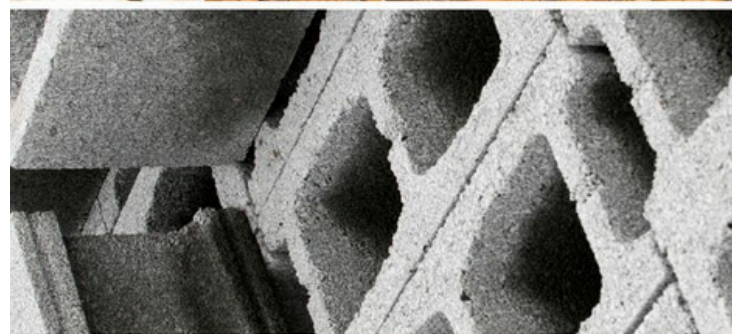

On-Site Logistics & Civil Works
Executed civil substructure works and handled comprehensive internal site logistics, including site clearance, material handling, and transportation of construction elements within the refinery zones.

- **Red Sea Co.**

Support Services
Assisted with manpower supply, security coordination, and temporary facility setup including water supply systems and mobile lighting solutions.

- **Hanabu Co.**

Equipment Support & Groundworks
Delivered groundwork excavation services and compacting operations with in-house machinery. Provided short-term equipment rentals for mechanical installations.

BASRA REFINERY UPGRADE PROJECT

A large-scale project to modernize and enhance refining capacity in southern Iraq, the Basra Refinery Upgrade Project is a critical part of the national energy strategy.

Hyundai Engineering & Construction (HDEC)

Heavy Machinery & Fleet Rental

Provided a broad selection of construction equipment including excavators, loaders, forklifts, generators, and manlifts. Services included equipment operation, maintenance, and on-site support.

Gusan Construction Co.

Transport & Material Handling

Coordinated the transportation of bulk materials, scaffolding, and pre-fabricated structures. Assisted with warehouse setup and internal stock logistics

MOKHYANG Co.

Logistics & Equipment Rental Services

Delivered light and heavy-duty vehicles, including pickups, flatbeds, and cranes. Supplied portable air compressors and lighting systems. Offered on-site equipment maintenance services to minimize downtime.

APN Co.

Machinery Leasing & Site Logistics

Supplied reliable construction machinery and transport solutions tailored to dynamic site demands. Services covered air compressor rentals, fuel distribution coordination, and periodic equipment inspections.

Sustainability & HSE Commitment

At Lion Gate Co, our commitment to Health, Safety, and Environmental (HSE) excellence is embedded in every level of our operations. We believe that the success of any project is directly linked to the well-being of our people, the preservation of the environment, and the implementation of responsible practices.

Sustainable Operations

We work closely with our clients to align project execution with global ESG (Environmental, Social, and Governance) expectations, incorporating responsible procurement, local workforce engagement, and continuous improvement.

Our Pledge

We are committed to creating a safer workplace, minimizing environmental impact, and fostering a culture of accountability. Whether we are operating a single excavator or managing large-scale logistics for a refinery, safety and sustainability are not optional — they are non-negotiable.

The Company Values

Accountability

The foundation of long-term success lies in more than capability — it rests in character. At the core of our operations is a set of principles that define how we work, how we lead, and how we serve.

Accountability

Every commitment we make is followed by measurable action. We take full responsibility for delivering what is promised, with clarity and consistency.

Discipline

Discipline

In environments where precision matters, discipline becomes essential. Our teams operate with a structured, task-oriented mindset that ensures efficiency without compromising standards.

Mutual Respect

Mutual Respect

We treat every partner, employee, and client with respect. That includes honoring local customs, project guidelines, and professional boundaries in every interaction.

Long-Term Thinking

Long-Term Thinking

We approach every engagement with a future-focused perspective. Whether it's resource management or contract execution, we plan for sustainability, scalability, and impact.

Let's Work Together

Clients don't just hire a service provider; they gain a partner who understands the operational realities on the ground. Whether it's managing tight timelines, handling critical logistics, or delivering machinery where and when it's needed, we move with purpose and precision.

we are ready to support you with reliable solutions and a strong local presence.
